[Excellent sports products]

The air roller can be connected end to end by Velcro connection, allowing you to connect two different pads together to extend their time.

[Wide range of application]

Can be used in gym/home/school/beach/pool/health club/dance club/gymnastics training/yoga/outdoor sports etc.

[Durable and non-deformation]

The inflatable gymnastics mat is made of a filament grade double layer material and a high quality PVC waterproof cover. All joints are reinforced for better air tightness and durability.

[Complete accessories]

An electric air pump, a durable tote bag and a repair kit (no glue).
